

GRAPHIC *COURSE* DESIGN

ABOUT GRAPHICS

Graphic Design is all around us! Words and pictures, the building blocks of graphic design are the elements that carry the majority of the content in both the digital and printed world. As graphic design becomes more visible and prevalent in our lives, it becomes more important in our culture. Through visual examples, this course will teach you the fundamental principles of graphic design. Beyond the basics, you will also learn tips and tricks to become a professional graphics designer.
